

## CHECKING ACCOUNT TRUTH-IN-SAVINGS DISCLOSURE

In the following Agreement and Disclosure, the words "you" and "your" mean each and all of those (whether one or more persons) who are subject to this Agreement and Disclosure as a result of signing a Membership Application and Account Agreement or opening one or more account(s) with California Coast Credit Union. In this document, the word "account" refers to sub-share accounts within the membership; the words "we," "us," "our," and "credit union" mean CALIFORNIA COAST CREDIT UNION. The terms and conditions listed in the *Important Account Information for Our Members* disclosure are incorporated by this reference.

General terms applicable to all California Coast Credit Union checking accounts include the following:

- 1) **PAYMENT OF DIVIDENDS:** The frequency and conditions upon which dividends are paid on all accounts are in accordance with the bylaws of this credit union, California law, and the Truth-in-Savings Act and Regulations. Dividends are paid from current income and available earnings, after required transfers to reserves at the end of a dividend period.

For dividend-bearing checking accounts, dividends will be compounded monthly and will be credited monthly. The dividend period is monthly; for example, the beginning date of the first dividend period of the calendar year is January 1 and the ending date of such dividend period is January 31. All other dividend periods follow this same pattern of dates. The dividend declaration date follows the ending date of a dividend period, and for the example is January 31. Current dividend rates and annual percentage yields are reflected on the Rate Sheet.

Dividends are calculated by the daily balance method which applies a daily periodic rate to the balance in the account each day. Dividends will begin to accrue on the business day you deposit noncash items (e.g., checks) to your account if deposited before the close of business.

Accounts closed before the end of the dividend period will be paid dividends earned as of the closing date.

- 2) **RATE INFORMATION:** All dividend-bearing checking accounts are designated as variable rate accounts on the Rate Sheet. These dividend rates and annual percentage yields may change at any time as determined by the credit union's Board of Directors. For specific dividend rate(s) for each type of dividend bearing account, you must refer to the attached Rate Sheet.
